

**January, 1973. A description of Native American crafts which were donated by Ella Bean Livingston, who built up a collection while serving as an army nurse in New Mexico. This newsletter also contains a review of news from the Society Museum, as well as a book review of a piece of work by Castleton State College's John C. Huden. Huden's book is a study of Native American culture and was intended to serve as a guide for those seeking to discover their own artifacts.**
