

Rutland Historical Society Quarterly

Vol.7, No.3, 1977

Annual Report

This issue's main topic concerns the annual status of the Society's financial position for 1977. Included are statements of the General Fund; Life Membership Fund; Building Fund; and Pictorial History Fund.

Included as well are listings of both Life Members and Contributing Members.

Two additional items of interest are a Book Review of Eric Sloane's "I Remember America" published by Ballantine Books in 1977; and a brief sequel to the previous fall issue devoted to Rutland's architecture.
