### **Registry of Rutland Barbershops, 1852-2009**

**“A Registry of Rutland Barbershops, 1852-2009” was compiled by Bill Mazzariello, of the Star Barbershop on Merchant’s Row, beginning with his interest in his own family’s legacy. This led to his research of 160 years of barbershops operating in Rutland.**

**The result of his work provides all the names of barbers and years of practice, and is accompanied by numerous photographs of shops and owners. This story is not only a history of the evolution of the barbershops, but by extension of the town itself.**

**A note: This original article has some publishing errors that have been corrected in an updated version, currently available from the Historical Society.**
