### **Bells and Belfries**

**The Cover illustrates a primary topic of this issue, an investigation of the bell towers of Rutland Vermont's churches, the majority of those bells having been forged in Troy, New York.**

**One, the oldest former Catholic Church was found lacking a bell tower, and therefore no bell; three others had been converted to ring electrically. Only one, Grace Congregational Church, converted to a carillon.**

**The remainder of the issue concerns itself with the 1978 annual report of the Society's financial standings; a listing of the current membership; and a number of proposed amendments to Bylaws.**
