

# Rutland Historical Society Quarterly

## Vol.50, No.3, 2020

**This quarterly is a calendar that is meant to be a companion quarterly commemorating the 175th year of the Vermont State Fair. The pictures come from the personal collection of David Zsido. The pictures are from 2008 to 2020. These eye popping photos in color are really quite breath taking.**

**The pictures cover the rides, carnival action and food vendors such as “Roxies”. They also take in activities such as people walking from the 4H building to the cattle barns and let us not forget the animals such as the dairy cows and a camel that people could pay to ride. David Zsido also captured photo of the chainsaw carvers at work.**
