Congratulations to each member of the Class of '73 on the successful accomplishment of the goals you set for yourself four years ago. The College Community will always be grateful to you for the cooperation extended during this initial year of accreditation in the New England Association of College and Secondary Schools.

Be assured of our continued concern for your success on both personal and community levels. May you continue to seek and value truth and help others to the knowledge and application of truth in their relationship with God and their fellowman. Thus the world will be a better place because you have been here.

Sincerely,

Sister Mary Imelda
