We the Class of Nineteen Hundred and Seventy-six,
 in order to extend our appreciation towards a person
 who unselfishly gives us our daily bread, sends us forth
 through each day (especially student teaching days) fed
 for the morn, and prepared with lunch, do ordain and
 establish this as our dedication to you, Lorena Kehoe.

To the Members of the Class of 1976

In this bicentennial year, it is appropriate for us to listen again to the words of an early American. Henry Thoreau said: "Be a Columbus to whole new continents and worlds within you, opening new channels, not of trade but of thought."

We hope that your time at the College of St. Joseph the Provider has helped you to realize that there are many new worlds within you and they must be explored and understood. Some should be pursued and developed; others will need to be kept under control. Yet all make you the unique individuals you are.

Each of you has much to bring to the world - because of these many worlds within you. May you continue to discover your own depths and share your thoughts with those around you. May you always be willing to pursue with eager feet the road ahead. Remember, as Robert F. Kennedy said: "The future does not belong to those who are content with today. Rather, it will belong to those who can blend vision, reason and courage in a personal commitment."

And I pray your personal commitment will be one of reconciliation with yourself, your God, and your fellow humans. Be sure of my personal prayerful support. In your journeys, may God direct you; in peril and danger, may God protect you; in care, anxiety or trouble, may God sustain you; and in your happiness and pleasure, may God bless you - all ways . . . and always.

Sincerely,

Sister Mary

A T H L E T I C S

With the men's basketball team now in its fourth season, there has been this year as well as in past years spirit and uniformity. With a new coach there has been little change in how the team cooperates with each other. Everyone wishes the team the very best in the years to come.

On the women's side of things, we find the women's basketball team. The continuous effort brought forth by the team is commendable and a note should be made of how well the girls play and the enjoyment they receive which draws them together year after year.

Another women's sport, now in its second year is the women's ice hockey team. Being able to establish a sport which involves so much time and energy brings a new light of enthusiasm to C.S.I.P. This year has seen many changes, changes which have kept them together. Good Luck in the future girls!

The Athletic Association also in its second year has continued to meet their objectives of reinforcing and continuing good sports participation. To do this, they have sponsored many activities and enhanced many others. There is hope that they will continue their good work!

Mens Basketball

Women's

Basketball

Womens Ice Hockey

The women's hockey team was first organized last year, too late to be included in the 1975 CATON edition. Unfortunately practices were not begun early enough this year for pictures to be included in our book.

The girls on the hockey team are hardworking and dedicated. There are, however, very few opportunities for the team to play in meets. This is due to the fact that it is a relatively new sport for women in this area.

Chris Cardinal, a senior, is captain of the team. Other members include: Anne Comeau, Penny Griffin, Kate Campbell, Holly Peck, Mary Tollar, Fileen Nicholson, Joan LeFerre (official driver) and Shirley Gramling.
