

Rutland Historical Society Donation/ Accession Policy

The Rutland Historical Society (RHS) thanks you for your donation of artifacts. We appreciate your effort to help us preserve Rutland's history for all to share. The policy of RHS is to collect/ maintain material with a connection to the original area of Rutland (present day Rutland City, Rutland Town, West Rutland and Proctor), with consideration also given to condition, non-duplication of materials and the ability to store and preserve adequately. This notification is in place of RHS's accession/ registration sheet, which you may or may not have signed. All artifacts once donated become the property of the RHS with no restrictions on use or disposition. To prevent a conflict of interest, the IRS advises museums/ libraries against appraising. If you want your donation appraised for income tax purposes, please do so before making your donation.
